MEMORANDUM FOR H. LAWRENCE SANDALL
Executive Secretary
Central Intelligence Agency

SUBJECT: National Communications System Interoperability

This is to acknowledge your March 1 report on the status of the CIA's implementation of E.O. 12472 and coordination of telecommunications plans with the National Communications System. The Agency's continued emphasis on telecommunications interoperability and survivability objectives is essential to the success of our national security emergency preparedness programs.

G. Philip Hughes
Executive Secretary
